CUT DOWN EXPENSES IS OBJECT OF NEW CHARTER

PRESENT CITY GOVERNMENT VERY COSTLY

Do the people of Richmond know that it is costing every man, woman and child in Richmond the stupendous sum of \$41.77 for the administration of their municipal government?

These are the figures compiled by the state controller and they are correct in every essential detail, comprising receipts from all sources and the detailed expenditures. Compared with other cities of California of like population, Richmond is the most extravagantly conducted city in the state and the reason is because too many people are employed in the various departments at salaries more than commensurate with the service performed and the further reason that the affairs of the city are conducted in a manner not in conformance with good business principles.

The framers of the proposed new charter had in mind when they drafted the proposed charter, alleviation of the conditions complained of in other words they sought to incorporate in the enabling document authority to the people which will place the municipal government in their hands, instead of in the hands of the politician and job-chaser.

Their idea in cutting down the number of councilmen and installing a mayor in office who will have the active management of municipal affairs is to allow the people to rule. Under present conditions city affairs are the business of nobody while if the new charter carries errors can be traced and laid at the door of some one person.

All of the errors and extravagances which have been made by the municipal government in the past have cost the people much money, as the above figures show. While no one man is to blame for this, it is the fault of the whole structure of the city government.

LEADER OF THE DUMA WHO LED REVOLT.

Michael V. Rodzianko, President of the Duma was the man who successfully led the revolt which resulted in the deposition of the Czar. Rodzianko has been constantly striving to increase the power of the Duma. He was apparently in touch with reactionaries, liberals, and liked by both. He is said to be an extraordinary strong personality and in favor of the prosecution of the war to a decisive victory.

It is time to call a halt to adopting a new charter and going back to first principles. Let us get down to earth and apply the same economy in the administration of municipal government that the business man of ordinary sound judgment would use in his own affairs. That is all there is in the proposed new charter, which the people will be called upon to adopt or reject at the election on Tuesday next.

CLUBWOMEN ON JURY TO PROBE MEMBER'S DEATH

Prominent clubwomen of this city friends of Mrs. W. W. Feich, who committed suicide in her rooms at the Edena Apartments, 825 Nevins avenue Wednesday afternoon, sat as a coroner's jury in an inquest held by Coroner C. L. Abbott at the Smallwood undertaking parlors yesterday afternoon. The verdict was: "Death due to cyanide poisoning."

The jury was composed of Mrs. F. L. Schram, Mrs. W. McCullough, Mrs. Eliza A. Gerlach, Mrs. Mary W. Stults, Mrs. Emma Lane, Mrs. Nannie C. Johnson and Mrs. Bertha Faber. Funeral services for the deceased were held at the family home this afternoon by Rev. Thomas Boyer, pastor of the First Christian church. Cremation was made at the Oakland Crematory. Funeral arrangements were in charge of Undertaker E. B. Smallwood.

PHI LAMBDA DANCE AT RICHMOND CLUB PLANNED TONIGHT

A mass of evergreens and varicolored pennants is the auditorium of the Richmond clubhouse today, for the select invitational dancing party, which the Phi Lambda club will hold this evening.

A special McRacken-Lenzen orchestra comprising a pianist, trap drum player, violin and banjo player has been secured for the evening. Programs with large silk tassels and pencils with silk cords, will be given the guests. Patronesses for the evening will be Mrs. E. L. Jones and Mrs. W. C. Ardery. The committee in charge of the affair consists of Paul Collett, Richard Maxwell, Walter Spaulding, Irving Barr, George Peres, Edward Peres, and Grover Milnes.

COL. WHITE CALLS CO. B TO S. F. PRESIDIO

Captain E. G. Griffin, commanding officer of Co. B Second California Infantry was notified by Col. Edward D. White of Chico at a late hour last night to report with Co. B at the Presidio at 8 o'clock tomorrow morning. The telegram received by Captain Griffin follows: "You will report with Co. B along with four companies from the Fifth regiment at the Presidio in San Francisco at 8:00 o'clock Saturday morning."

The calling of the several companies to the Presidio is to equip them with full war material and recruit each company to the full war strength of 144 men.

MANY FRIENDS ARE ENTERTAINED AT D. W. BAKER HOME

A number of the many friends of Mr. and Mrs. D. W. Baker and Mrs. C. W. Andrews were entertained at the home of the former at 2210 Nicholl avenue, last evening. Whist proved the evening's diversion following which refreshments were served. The guests of honor for the evening were Mr. and Mrs. T. S. Trullen. Trullen is a newly appointed apprentice instructor at the Santa Fe shops. Those present at the party were Mr. and Mrs. Carl Alexander, Mr. and Mrs. Jack Tarr, Mr. and Mrs. B. R. Beal, Mr. and Mrs. N. A. Patterson, Mr. and Mrs. Louis Moore, Mr. and Mrs. W. D. Baker, Mr. and Mrs. P. McCullough, Miss Gladys Pennington, Miss Isabelle Greenhouse, Herbert Turner, Clyde Baker.

FIREMEN WILL ASK 2 PLATOON SYSTEM FROM CITY COUNCIL

Believing that they should be entitled to shorter working hours, the firemen in the employ of the city will select a committee of members to appear before the city council Monday night and urge the installation of a two platoon working system.

According to members of the department they must be on duty at the present time for 24 hours continuously.

There are 14 men in the fire department at the present time and the installation of the two platoon system would mean an additional 7 men or an expense annually of approximately \$7000. The new working systems would put the day shift on a 10 hour working basis with 14 hours off. Each two weeks the day shift would change places with the night men.

SCHOOLS CLOSED NEXT WEEK FOR TEACHERS MEET

The schools of Alameda, San Francisco, Marin, Contra Costa, San Mateo and Santa Clara counties will be closed next week while the teachers participate in the convention to be held in Oakland of the California Teachers' association. President C. J. Du Four and Secretary W. L. Glasscock of the association and the various department officers have given considerable time to the selection of topics, speakers and places of meetings.

SAN RAFAEL BATHS TO OPEN SUNDAY

A program is being arranged for the opening of the San Rafael Municipal baths Sunday April 1. Preparations for handling a large number of people from this city are being made by Manager Mose Moch of the Richmond-San Rafael Ferry company.

In charge of the exercises at the bathhouse opening will be City Manager Boland who has equipped the baths in the most modern and up-to-date manner for the opening day.

RICHMONDITE CO. SECURES PAVING FOR WHEATLAND

A contract for the paving of one-half mile of highway from Wheatland to connect with the State Highway near that city has been secured for the Richmondite Paving Company of this city by D. A. Knowler, representative of the paving company.

The contract was secured following a visit of Trustees Starker and Damm of the town of Wheatland to this city yesterday to look over paving of the Richmondite company here.

THEATER MANAGER CHANGES PROGRAM

Manager A. E. Norther of the T. & D. theater was obliged to change his program arranged for this evening at the last minute today by leaving the film in which Miss Irene Ulrich was to star out and substituting instead "The Crisis." The new play is said to have a stronger appeal behind it than either "The Chairman" or "The Birth of the Nation."

Why Did You Switch, Sharkey?

An avalanche of criticism has dropped on the head of W. R. Sharkey, Senator from this district for his vote that killed the Rominger bill, the measure that was drawn up with the idea of doing away with the evils of the saloon and allied vices. If Sharkey had voted in favor of the bill it would have carried. His explanation that he believed the measure was one to go before the people of the state in child's talk and no explanation at all, and it would have left the official in better shape with the public if he had not attempted to make any explanation.

When the bill was reported favorably out of the committee, Sharkey voted for it, but there were enough votes on the committee to report it out without the vote of the official, from this county.

Protests are going up in all parts of the district against the vote of Sharkey, and the claim is made that he has betrayed those who voted for him. On the other hand many say, his vote is just what was to have been expected.

Rev. Frank Linder, pastor of the Methodist church stated today: "I am not much surprised, I did not vote for Sharkey and I persuaded everyone I could not to vote for him. I was satisfied at the start that on a show down that Sharkey would do just what he did. Personally I have nothing to feel sorry for."

The Examiner this morning says:

"Senator Sharkey's vote against the Rominger bill is an insult to every decent citizen of his district."

"Senator Sharkey, why did you switch? You voted for the Rominger anti-whiskey and saloon bill in the Public Morals Committee when your vote could not have changed the committee's recommendation. You must have voted then as your conscience dictated. You switched clear around and voted against the Rominger bill on the floor of the Senate when your vote would have meant the passage of the bill. Senator Sharkey the people of Richmond and Byron and Brentwood and San Rafael and Mill Valley and Walnut Creek and Crockett and Martinez and the rest of your district demand to know why did you switch?"

The Brentwood News, that live, wide-awake paper representing the interests of the eastern end of the county has the following to say about Sharkey.

"The Rominger bill was defeated in the Senate, Wednesday by one vote. Senator Sharkey, of this county voted against it. Had he voted for it the measure would have carried. That Sharkey is working for the whisky interests has been fully demonstrated by his votes in the senate, as he has cast his ballot in their interest in every temperance measure that has come before that body. By his votes Sharkey has cut off from all future support for any public office a large number, if not the majority, of the voters that placed him in his present position."

At any rate, it looks like Sharkey is a dead duck in the puddle so far as his political future is concerned. The next time, if he has the nerve to bob his head up for any office, the people will surely take care of him.

RETAIL CLERKS TO HOLD CARD PARTY

Arrangements were completed by the Retail Clerks union at its weekly business meeting in Pythian hall last evening for a whist party to be held April 24. The members of the union were also instructed to carry their membership cards with them at all times.

\$450 IN CLAIMS ARE ALLOWED BY CHURCH BOARD FOR NEW WORK

Claims totaling \$450, outstanding against the new First Christian church now under construction at Sixth street and Bissell avenue were ordered paid by the building committee in a meeting at the home of Rev. Thomas Boyer last night. Finishing work to the church will be performed this week at which time E. A. Marshall will stain the interior; seats will be installed at a cost of \$1000 and lighting fixtures installed by the Pioneer Electric company. A dinner will be served Saturday by the ladies of the church to workers who will be in charge of Architect Francis Reid.

STEEL FENCE ABOUT PINOLE CHURCH YARD

A steel and concrete fence now under construction about the grounds of St. Joseph's Catholic church at Pinole will be completed the first of next week at a cost of \$575. The concrete work is in charge of Contractor S. C. Rogers of this city while John Santo, San Pablo blacksmith has the contract for making the steel fence.

W. D. SOITO IS DEFENDANT IN DIVORCE SUIT FILED TODAY

(Special to Record-Herald) MARTINEZ, March 30.—William D. Soito, of Richmond, owner of "Billy's Cabaret" near Grand Canyon park was today charged with extreme cruelty in a sensational divorce complaint filed by Attorney W. S. Robinson of Richmond by his wife, Mrs. Isabelle Soito. Mrs. Soito alleges in her complaint: That she formerly ran a house in Richmond's segregated district on Railroad avenue and while operating such place met Soito. They lived as husband and wife for seven or eight years before marrying. That her earnings were used in the purchase of a saloon known as "Hunter's Inn" at 30 Standard avenue and also in the purchase of the Tavern at Stego which was later sold and "Billy's Cabaret" opened. That after their marriage her husband sent her back into the sporting life on numerous occasions, who at one time opening and operating a large resort near Sobrante. Mrs. Soito through her Attorney W. S. Robinson, asks for an equal division of their property which she says is valued at \$250,000.

WAR PRICES FOR FOOD

The Fresno Herald concludes that the cost of living, which has been high for the past few years and during times of peace, will be much higher in time of war. Such, unfortunately is the unvarying rule.

Therefore, it is the duty of every individual to economize at this time as never before, that the national government may have much, and the poor, who have been pinched under high prices, may have at least enough to save them. The duty of the hour is that every individual and every family get on a war basis.

Where do we waste most, in our individual and domestic lives? In our eating, drinking and dressing and on things that are purely luxuries and extravagances.

We tickle our corrupted sense of taste with fancy dishes that are low in life sustaining properties, and often high in health destroying properties. A good deal of our eating is really based on fad and fashion, both as to time and substance, and fads and fashions always cost more than they're worth when they are weighed in the balance of sensible living and solid progress.

We can cut out the promiscuous dining and dining and gastronomic functioning, as Europe has had to do under the pressing need for conservation of substantial resources.

We can reduce our consumption of the high priced foods. We can suppress our high-faluting and assumed preference for imported articles of food and use the domestic, thereby not only doing a good thing for our bodies and pocketbooks, but also a good thing for Americans who prepare these articles.

Modern warfare means sacrifice for everybody, if all the national resources and strength are to be at the command of the government, and the longer a modern war continues the surer luxuries, extravagances, the non-essentials will be taken away by force, and it's cheaper, better, more comfortable to shorten war by voluntarily surrendering such things.

UNIVERSAL SERVICE.

It is understood that President Wilson will urge upon congress the passage of a bill authorizing universal service in case of war requiring it and the universal training of the young men of the country.

The president recognizes, at last, that peace cannot be reckoned upon as constant and that modern warfare is too complicated a science for even its rudiments to be learned while the enemy is marching to attack us.

Whether we like it or not we are forced, or soon shall be, to undertake universal military training. Universal service would not be necessary except in case of actual war, but universal training is the only way to safeguard the nation, and the sooner we set about it the better. It is not militarism, but common sense preparedness. It fits every citizen, physically and mentally able, to respond to the possible call of duty.

The plan is to take the youth at nineteen, when he can best afford the time, and make a potential soldier of him. It builds up the physique, instills loyalty, teaches the lessons of discipline. It plays no favorites, but treats all alike.

The patriot and the slacker, the adventurous youth and the timid one, the rich man's son and the poor man's—all must do their bit, must fit themselves for service. This is real democracy, and the best possible safeguard against war and against failure in life.

With about one or two exceptions it costs the people of Richmond more to conduct their city government than any other city of its size in the state. For every man, woman and child there is expended per annum the large sum of \$41.77 which we submit is entirely too much, considering the kind of government we are getting. This is a condition which has been brought about because the city is being run for its employees instead of the taxpayers. The government is too ponderous for the size of the city and the present condition prevails because of the bonanza ideas of the council and not through any fault of the employees themselves. If the new charter is adopted all this will be changed and matters will go back to the first principals with a complete reorganization, which will have a tendency toward economy and a greater degree of efficiency in every department.

Senator Sharkey will find it difficult to satisfactorily explain to his constituency his attitude in voting against the Rominger anti-saloon bill. Unquestionably his district is strongly in favor of the measure. For a man who has congressional aspirations his action savors strongly of political suicide. But probably Sharkey believes that the congressional election is a long ways off and the people will forget. Perhaps they will. And then again—perhaps they will not.

Word comes to us over the cables from Germany that the Kaiser is not in favor of kicking up a war with the United States. The Kaiser is exactly in our frame of mind and the people of this country are a unit for peace. Let us hope that something may come up which will clear up the present ominous situation which has arisen between the two countries.

What was it that Gen. John Adams Dix said should happen to the man who tore down the American flag?

Congress will soon be in extra session; Bryan, of course, will remain in continuous session.

American newspapers will demonstrate by omitting marine news that no censorship law is necessary to make them patriotic.

Carranza didn't take any other candidate for president of Mexico seriously, nor did he allow voters to.

STOP CATARRH OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostri Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

MAKE RICHMOND CLEANER CITY THIS YEAR THAN ONE BEFORE IS REQUEST OF CITY HEALTH DEPT

(By City Health Officer C. R. Blake)

There are, unmistakable signs of Spring noticeable everywhere. The Spring feeling is already upon us.

One of the noticeable evidences that is true is the increased number of complaints received by the Health Department concerning dirty, vacant lots and back yards. This means that we are already having a few early cases of "cleanitis," one of the diseases that the Health Department likes to see in evidence. In fact, it does not alarm the health officials any to see it assume epidemic proportions.

Another eloquent sign of Spring is the rapid growth of the City lot gardening movement, which is already brought into such definite and well-organized shape that it promises great things for the coming growing season. This is a movement that

the Department of Health wishes to encourage in every way and has no hesitancy in urging people everywhere to help it along. Planting flowers and vegetables, growing things of use and beauty is a splendid pastime. It takes us out into the open under sky and sun. It gives us needed exercise and tends in every way to promote bodily health and vigor.

Of course, there are other signs of Spring. The boys are busy with kites, tops and marbles. Hens are beginning to cackle and the more the cackle, the chances are that the less will be the price of good, fresh eggs. Take it all in all, the Spring season means much for our health, happiness and comfort. Let us utilize it in every way and especially along the lines of making Richmond a cleaner city this year than it has ever been before.

SAN PABLO WATER PROJECT MAY BE ELIMINATED

That Oakland may abrogate the Titus-Pendleton agreement made with the Peoples Water company some years ago, was announced made by John S. Partridge, chief counsel for the city at the hearing into water rates in the east bay section before Commissioner E. O. Edgeron of the state railroad commission yesterday.

Partridge said that in the light of testimony offered at the hearing of J. B. Lippincott, hydraulic expert for the company, it appeared possible that the valuations of the company's holdings might be materially reduced if the San Pablo storage project, which, in the Titus-Pendleton agreement, the city agrees to accept at \$4,500,000 (were eliminated entirely and the San Leandro and upper San Leandro projects developed to their fullest capacities.

Bowling Notes

In the A class of the E. B. B. association the Richmond Elks took three straight games from the Moose club last night on Herold's alley. Oakland, Keville of the Richmond Elks, had a 202 per cent average and Whitney was high for the Moose team with 183 2-3 per cent; the last two games were close and interesting as the following scores will show:

CHERRY'S SHOP

IS SELLING SPORT CLOTHES ON CREDIT

The Sport idea has taken the realm of Fashion by storm this spring. Everything is "sport" in cut, material, coloring. The shades are daring, lines are dashing, the favored materials are those most adaptable to these youthful and becoming garments.

And so CHERRY'S—the favorite Credit Clothing Shop—has provided for its hundreds of discriminating feminine patrons a whole new, beautiful shop of the newest, most chic and striking Sports Toga. Jaunty Coats are here in modish woolen fabric; trim, distinctive Suits; attractive new Jerseys. And any of them may be purchased by any dependable woman, on the easy weekly or monthly installments.

Simply open a credit account at Cherry's Shop, unless you have one already. A few dollars is all you need to pay on anything when you select it.

In Oakland, CHERRY'S have an exclusive ladies' store at 515 13th—the exclusive men's store is across the street at 528 13th.

In San Francisco, CHERRY'S downtown store is now located in their new quarters at 48 and 52 Geary, between Kearney and Grant avenue. The men's department occupies the entire main floor. CHERRY'S other city store is at 2409 Mission, cor. Twentieth. Adv.

CARD OF THANKS.

In the death of our loving father, H. E. Titterton, we desire to thank our many friends and acquaintances for the sympathy extended us in our late bereavement.

WATERFRONT NOTES

The Rose Mahoney, one of the two auxiliary schooners building at Benicia for Andrew F. Mahoney, will be launched at the first daylight high tide next week. The vessel thereupon will be formally delivered to the Standard Oil company, which recently bought her, and will be rechristened Starlight. Following the launching the keel of a second Rose Mahoney will be laid immediately.

SHIP BODY TO S. F.
The body of Barney Mitchell, a deckhand found off the Municipal wharf where the man had drowned was shipped to San Francisco for burial last evening.

A coroner's jury holding an inquest in the Mitchell drowning case last evening found the man to have met his death from accidental drowning.

ENROUTE HERE.
The tanker Asuncion of the Standard Oil company is enroute to the company's long wharf from Tatoosh with a cargo of whale oil.

NUONU DUE
The steam schooner Nuonu is reported to be due at the Ferry Point wharves Monday with a cargo of lumber from Astoria.

IN COMMISSION.
The Santa Fe tug E. P. Ripley, damaged several weeks ago by fire in her engine room and which has been undergoing repairs at the company's wharf here, will go into service again the latter part of next week. The Ripley's work has been done by the tug A. H. Payson and Santa Fe for the past several days.

COLE BROS. CIRCUS COMES HERE APR. 3

Cole Bros. Trained Wild Animal Show will exhibit at Richmond April 3, rain or shine.

There is a fascination about a tented show that appeals to everybody. In our childhood days the bare of the band, the gaudily painted wagons, the animals, the funny clowns left an impression on the mind that remained there as long as life lasts.

Sheriff R. R. Veale of Martinez was a visitor at Sacramento Wednesday.

Where old age comes and a circus is billed, tottering steps are directed to the route of parade, or to the circus grounds. There is not the delight there that came in the days of youth but there are the memories that come that count so much.

Young and old, rich or poor all welcome the big circus. It is an American institution that is popular. The lemonade and the peanuts never taste so good as they do on the show lot. Other pleasures many become monotonous but the glamor of the tented arena never fades.

RICHMOND ELKS ARE ASKED TO TAKE PART IN GATE DISCOVERY

Officers of Richmond Lodge of Elks have received a communication requesting that local members participate in the celebrations of the Golden Gate discovery to be held in the Oakland hills shortly. The discovery will mark the 145th anniversary of the time when Father Crespi and Captain Pedro Gages first saw the gate from a spot in the Oakland hills.

GERMAN CRISIS TO BE BALLOTTED ON BY CHURCH

"Shall we go to war with Germany?"

Vote at the Wesley church Sunday evening to be telegraphed to representatives at Washington.

The large congregation of the Wesley Methodist church will express itself by ballot vote for or against war, for or against armed neutrality and the result will be placed in the hands of our representatives at Washington before the opening of the special session of April third. Rev. Linder has been receiving communications all week from distant places commending the plan of giving the people

an opportunity to express themselves on important issues and making the result public, and giving the expression of the people to the law makers. Last Sunday evening six hundred people were given an opportunity to vote on Compulsory military training in the public schools. There will be no presentation of the case either for or against war next Sunday evening, the people merely expressing their sentiments. The address being on "Reverence for Personality," a theme not touching the war situation.

HIGH SCHOOL BOY CUTS KNEE WITH AXE

Edward Peres, popular young high school student received a nasty gash to his right knee yesterday as the result of accidentally colliding with a hatchet. Peres was twirling the hatchet when it slipped from his grasp striking his knee. He was treated by Dr. U. S. Abbott.

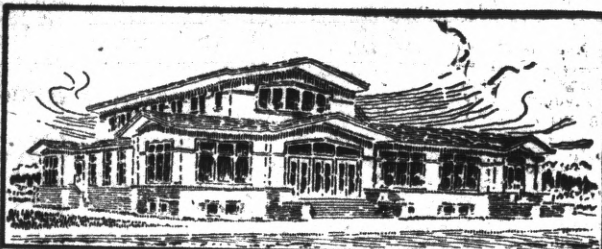

HIGH SCHOOL NOTES AND NEWS

ENTERTAINS STUDENTS.
When the assembly bell rang Thursday morning, Mr. Tucker announced to the expectant students that he had a surprise for them, a delightful treat. With that he introduced Little Miss Isabel Magama, of Oakland who won their hearts at once with her winning personality. Miss Isabel is an artist even if she is only eight years old, and her interpretation of her three piano selections was most brilliant. She played first, without the music, the always loved and delicate "Butterflies" of Greg, then "Marie Louise" and for an encore a more difficult but exceedingly well and sympathetically executed selection of which she quaintly said, "I can't remember the name, but I will play it anyway." She also said that she likes to play before crowds because it makes her enthusiastic.

The students were most appreciative of Miss Magama's playing and will remember her little recital as one of the most charming events of the school year.

STUDY OF THE NIBELUNGENSAGE.
In the German III Class on Thursday, the recitation was devoted to the story of the German epic, the "Nibelungensage." Stories found in it may be compared with certain Greek myths. Many of our fairy tales, too, are taken from the legend. From it the composer Wagner wrote his trilogy "The Ring of the Nibelungen." In his work, however, there are some changes from the early German books shown to the class. One excellent specimen of mediaeval copying work done by monks on parchment was of the 8th Century, and the other a page from the first edition of Luther's translation of the New Testament.

NEW CHURCH S. S. READY ON SUNDAY

RICHMOND'S NEW FIRST CHRISTIAN CHURCH—Dedicated at a cost of \$15,000. Architect Francis Reid's drawing of the new structure.

Work has progressed so rapidly on the new First Christian church corner of Sixth street and Biassoli avenue that the Sunday school portion of the church will be ready for occupancy Sunday. Rev. Boyer, pastor of the church will speak on "Help from Hills" at the morning services and "Is Life Actually Worth Living?" at the evening services.

LENORE ULRICH, BEAUTIFUL FILM STAR AT RICHMOND THEATRE THIS EVENING

"You see what black hair and a foreign look does for one" pouted Lenore Ulrich, the beautiful Morosco star who will be seen at the T. & D. Theatre on Friday and Saturday in the Pallas-Paramount production of "Her Own People." "It doesn't look as if I will ever have a chance to play what I call 'white women's parts.' Always I am an Indian, an Arabian, a Hindu or a Hawaiian—and I am not really one of these things at all. In my last production, 'The Road to Love' I was a Bedouin maid, dashing gaily around one of the perfectly good deserts and mooning up dark streets, with my face veil.

"In 'Her Own People' I am a half-breed Indian girl, living up in the mountains paddling my own canoe on the T. & D. That was really the most delightful part of filming of the picture. We spent several weeks high up in the mountains and outside of our own amusements of boating and fishing, we had a great deal of fun watching the Indians who had been brought up to work in the picture. These Indians had been living on the reservation in frame houses, but when they got back to their native haunts and tents, lived in the woods, and had a chance to hunt and fish, life was just one grand picnic.

MISS LOUISA ROSE TO MARRY EASTER SUNDAY WILL BECOME BRIDE OF A. FARIA OF GIANT

Miss Louisa Rose, daughter of Mr. and Mrs. A. E. Rose of San Pablo, will become the bride Easter Sunday morning at St. Paul's Catholic church in San Pablo of Antonio Faria, popular employee of the Giant Powder company.

The wedding ceremony will be officiated at the ceremony which will be attended by a large number of friends of both young people.

Following the wedding ceremony the couple will leave for a short honeymoon returning to make their home at San Pablo.

HOOD COLLEGE ENTERTAINS SHOW HERE

Filled to overflowing was the Santa Fe reading room last evening by music lovers of this city desirous of hearing the Hood college entertainers of Frederick, Maryland.

The troupe showed itself as being one of the most talented of any so far to make their appearance at the local reading room. Superintendent S. E. Busser of the Santa Fe reading rooms on the Pacific coast in speaking of the troupe said:

"It is indeed a very rare privilege to procure a company of the rare talent of these ladies, for concerts at the Reading Rooms. Such a program as they give may be heard only in the great musical and literary centers, and commands considerable revenue; but a leading Teacher of Hood College has been a very happy and contented traveler on the Santa Fe, and has developed a very deep interest in the work aimed at by the Reading Room department, and with most remarkable persistence and a most lovely conception of the accomplishments of Hood College, and the high-grade work done there, has engineered this trip at the Reading Rooms; and will receive daily reports of the results of these concerts between Chicago and San Francisco.

DIAMOND NOTES

OAKS BACK

The Oaks, twenty-six strong, breezed into Oakland this morning and stepped out on the greensward of the Emeryville lot in the afternoon. The aggregation of tossers included an even dozen pitchers, three catchers, half a dozen infielders and as many outfielders. The pitchers are Burns, Beer, Prough, Arlett, Kremer, Rojas, Goodbred, Colwell, Newkirk, Harrell, and Krause. Callan, Kilhullen and Murray catchers; Meusel, Mensor, Sheehan, Murphy and O'Mara, infielders; and Middleton, Chadbourne, Lane, Miller and Lee, outfielders.

MURPHY AT FIRST.

There is a strong possibility that Boss Howard of the Oaks may change Rod Murphy, the peppery third baseman of that team from his present position to first base. This change is possible owing to the inability of Carl Zanklock to start the season at the initial base.

CUNNINGHAM IN SAN FRANCISCO.
Word has been received by friends of "Cutey" Cunningham in this city, that he is at the present time in San Francisco where he will remain for a while playing with bush teams. Cunningham made quite a record for himself in the Northwestern League last year. He was regarded by baseball critics of the northwest as one of the fastest outfielders in the league.

STILL IN NORTH.
"Hunk" Shaw, writes to Richmond friends that he will handle the hot ones at short this year for the Vancouver team. "Hunk" formerly coached the Richmond Elks, later played short stop, and afterwards went north on a good contract in the Northwest league.

ARRIVING GAMES.

Boss Bert Curry of the Richmond Elks is making preliminary arrangements for his first game to be played at the First street grounds sometime the latter part of next month.

LENT SERVICES.
Lenten services will be held by Rev. H. J. Davis at Trinity Episcopal church tonight. They will commence at 7:45 o'clock.

OPERATED ON.
Nine year old Milton Shaw, son of W. H. Shaw, Standard Oil employee on the west side was operated upon by Dr. C. R. Blake at the Barrett Sanitarium for the removal of his tonsils this morning.

SUGGEST ROAD TO LIVERMORE FROM HERE TO BOARD

A road from Richmond to Livermore is suggested by the Walnut Creek Courier in its publication yesterday. The article which will probably receive attention from the State Highway Commission follows: "While the state highway board is planning a system of military roads throughout California the advisability of building a road extending from Livermore via Danville and Alamo down San Pablo canyon to Richmond is suggested as one that is of urgent necessity. A road by that route would give direct connection between the northern coast and San Joaquin counties. It is the key highway in the plan for promptly routing both troops and supplies in the event of war being brought to this coast and is one that should not be overlooked in providing against contingencies. In the construction of such a highway Contra Costa county would undoubtedly lend material aid. Gentlemen of the highway board, kindly consider the advantage of such a road in your strategic plans. The map alone is sufficient argument to the lay mind that the route is essential to state weal in either war or peace."

ed strength America will feel the loss of Travis. His career in golf is hardly equalled in this country. He is 57 years of age and has played golf for twenty-two years. During this time he won the British amateur championship, the American amateur three times and the metropolitan amateur four times. Travis was 40 when he won the national title for the first time. He defended his crown for the next 2 years. The following year he invaded England and accomplished a feat that no other American has approached. Evans, Travers, and Outmet were hopeless, outclassed when they attempted to emulate the success of Travis.

WARNING! Citizens and Taxpayers of Richmond:

Be certain to vote down (and down GOOD and DEEP) the bold and selfish attempt of a few individuals to lure you into agreeing to bond yourselves for \$100,000.00 or more to buy their property option for another City Hall; and it is high time to forever discourage such marauding expeditions into the public pocket to further private ends.

Richmond owns its city hall now, Richmond is satisfied with it, Richmond is \$100,000 richer for having it

CAN A HALF DOZEN SPECULATORS hope to coax the intelligent people of this City into submission to such a scheme?

Well, it looks as though they THINK they can, and it's up to Richmond to show them at the polls next Tuesday that

THEY CAN'T PUT IT OVER.

HERE'S THE DEADLY PARALLEL

THE PROPOSED SITE	VALUE	PRICE ASKED	LOT FRONTAGE	COST OF IMPROVEMENT
	\$22,000	\$49,000	464 feet.	\$50,000 to \$100,000
PRESENT CITY HALL	\$100,000 Including Buildings.	Nothing. THE CITY OWNS IT.	1250 feet.	Nothing. IT'S built and the city owns it.

And There You Are

RICHMOND OWNS ABSOLUTELY and occupies officially—(and the City Officials are all pleased and satisfied) **WITHOUT RENTAL OR OTHER LIKE COST—1250** front feet of City Hall Site and a **MODERN FIREPROOF** steel, concrete, brick City Hall building. **ALL WORTH AT LEAST \$100,000.00.**

Now Figure This Out, Taxpayers

- If we fall for the speculators' game—here's what would happen to us:
1. We would first of all lose property (without compensation) now belonging to us worth \$100,000.00.
 2. We would have to pay \$49,000.00 hard, cold cash for 786 front feet of land LESS than what we now own, and that sum is just \$27,000 MORE than the speculators' land can be marketably valued at.
 3. We would have to dig down and pay "at least" \$50,000.00 and probably \$100,000.00 to build another City Hall.
 4. Meanwhile if the bond issue was, say \$150,000.00 the taxpayers would pay out in interest annually \$7500.00, or \$75,000 in ten years.
 5. And we would owe a bond debt of \$150,000.00 besides, OR IN OTHER WORDS AND FIGURES, our losses would be as follows:

Loss To The Taxpayers

VALUE OF PRESENT CITY HALL SITE AND BUILDING (present value)	\$100,000.00
PROFIT LOSS (based on natural increase in ten years at present property value)	50,000.00
INTEREST IN 10 YEARS at \$7500.00 yearly on bond issue of \$150,000.00 at 5 per cent	75,000.00
BONDED DEBT	\$150,000.00

Total Loss \$375,000.00

FOR WHY?

JUST TO ENABLE a half dozen speculators to sell us \$22,000 worth of their land options for \$49,000.00—**NO WONDER THEY WANT US TO BUY A New Site!**

SO VOTE IT DOWN GOOD AND DEEP.

- Let's keep what belongs to us.
- Let's reap the profits of our costless gift.
- Let us keep our tax rate down.
- Let us guard and reserve our bonded indebtedness for Schools, Playgrounds, Parks, Fire Protection and for our wonderful waterfront development.

Hand this to your neighbors and scatter the warning everywhere to everyone to

Vote Tuesday, and Vote "AGAINST THE ORDINANCE"
